Author: Jeff Knier  
Author's Title: Director, Clean Air Compliance Projects  
Author's Telephone No.: (608) 458-4866  
Witness: (If other than Author)

---

**Data Request No. 1.25:**

Provide a schedule for pollution control installations for other WP&L-owned or operated plants.

**Response:**

Please see the attachment to WPL's response to the Commission's Data Request No. 1.19, which defines the year in which installation for planned pollution control projects will be completed.

Planned construction completion dates are contingent upon numerous variables not limited to the following list:

- Joint Owner approval
- Changes in rules governing AQCS control requirements
- Regulatory filing (Certificate of Authority) approvals
- Environmental Permit approvals
- Construction Permit approvals
- Craft labor availability
- Weather delays
- Lead times and material availability

The dates listed in the table are subject to change based upon these and other project related factors.
